Fire Prevention Measurers:

To reduce fire risk and life safety hazards:	
➤	Do not place burning materials such as cigarettes and ashes into garbage.
➤	Do not dispose of flammable liquids or aerosol cans in garbage or burning appliances.
➤	Lint trap in dryer to be cleaned after each use.
➤	Space heaters to be placed at least 1 meter from any combustible material.
➤	If using candles, ensure they are secured in a sturdy holder away from any combustible materials. Always extinguish candles before leaving any room and going to bed.
➤	Do not block exit doors.
➤	Hallways and service/storage areas to be kept neat and tidy.
➤	Do not use unsafe electrical appliances, frayed cords or overloaded outlets.
➤	Extension cords are not to be used as permanent wiring.
Do not attempt to cook while tired or under the influence of drugs or alcohol:	
➤	Food preparation only in areas designed for cooking.
➤	Avoid unsafe cooking practices: Deep fat frying Unattended cooking Excessive heat Loosely hanging sleeves/clothing/hair
